Online ticketing only for 2021 is available at VaGardenWeek.org beginning mid-January.

For eight days every spring visitors are welcomed to Virginia’s most picturesque gardens and private properties showcased in 30 tours during “America’s Largest Open House.” For more than 88 years, Historic Garden Week has been sponsored by the Garden Club of Virginia.

STATEWIDE TOURS | APRIL 17-24, 2021

Historic Garden Week in Virginia

Early Garden Club of Virginia members hosted a flower show raising $7,000 to save trees planted by Thomas Jefferson at Monticello.

Their success inspired the statewide fundraiser.

30 statewide tours over 8 consecutive days in April.

Over 150 private homes & properties featured

5,730 tulips & over 1,000 floral arrangements created by club members — and that’s only one of the hundreds of flower varieties our guests will enjoy.

Funding from Historic Garden Week benefits the restoration and preservation of Virginia’s public gardens such as Mount Vernon, the Pavilion Gardens at the University of Virginia and the Woodrow Wilson Presidential Library.

A lot has changed in the past 100 years but the work of the Garden Club of Virginia, which celebrated its Centennial in May of 2020, has not.

BY THE NUMBERS

The Garden Club of Virginia operates as a non-profit organization made up of 48 member clubs across the state.

15 tons of mulch will be used by homeowners to prepare their gardens for this statewide event.

507 green arrows will direct visitors from property to property.

100 years

Online ticketing only for 2021 is available at VaGardenWeek.org beginning mid-January.
